Chapter VII—National Housing Agency

[Premium Payments Reg. 1]

PART 714—PREMIUM PAYMENTS REGULATIONS UNDER VETERANS' EMERGENCY HOUSING ACT OF 1946

STRUCTURAL CLAY PRODUCTS

Purpose and findings. This general regulation is issued to stimulate additional production of structural clay products by providing for premium payments with respect to units of additional production above established quotas. It describes how quotas are established, and the methods, procedures and conditions under which such payments may be obtained. This regulation is issued pursuant to the authority of the Veterans' Emergency Housing Act of 1946.

All available means of increasing the supply of structural clay products for the veterans' emergency housing program and for other construction, maintenance and repair essential to the national well-being have been considered. Based on such consideration the Expediter finds that premium payments are temporarily necessary to increase the supply of such materials, and to stimulate additional production with greater rapidity, economy, and certainty than other available methods. The premium payments provided herein are applied at a uniform rate within the industry. In applying premium payments to necessary additional production in this industry, emphasis has been placed upon avoiding either economic dislocations or adverse effects upon established business.

Find the number of units of completely burned clay products produced in the month involved (whether or not removed from the kiln) and computed on the basis of standard size brick equivalents. For quantities removed from kiln during the month count only the products which are of a grade and character suitable for sale. For any completely burned quantities remaining in kilns make a reasonable deduction for breakage and wastage. Do not count quantities of clay products which are in the process of being burned.

(2) The following computations shall be used in converting to standard size brick equivalents:

(i) For unglazed hollow facing tile and glazed hollow facing tile, compute the brick equivalent on face area only. In computing equivalents for facing tile, count tile with a face $2\frac{1}{4}'' \times 8''$ or 18 square inches as equal to one brick. In computing brick equivalents for facing tile on all sizes other than standard brick size, use 20 square inches as equivalent to one brick. For example, a tile with a 5×8 inch face equals 2 brick equivalent.

(ii) For structural clay tile a factor of 1.5 tons per thousand bricks shall be used in making the conversion.

(iii) For oversize brick, the producer shall convert to standard size brick equivalents using the conversion factor previously utilized by him in preparing reports to other Federal Government agencies.

(iv) For drain tile a factor of 1.5 tons per thousand bricks shall be used in making the conversion.

(v) For any other clay products not included above, the producer shall convert to standard size brick equivalents using the conversion factor, if any, previously utilized by him in preparing reports to other Federal Government agencies, or, if no such conversion factor has ever been so used, using the conversion factor, if any, he has customarily used in his business, or, if no such conversion factor has ever been so used, using such reasonable conversion factor (subject to re-determination by the Expediter) as is applicable in each case.

(c) *Establishment of quota*. (1) A separate quota shall be established for each and every plant of the producer as follows:

(i) With respect to a plant where clay products were produced for at least three full operating months during January through May 1946, the quota shall be the lower of the following: (a) The arithmetical average of the production of all clay products stated in terms of standard size brick equivalents for the two months of highest production during January through May 1946, or (b) 90 percent of the production of all clay products stated in terms of standard size brick equivalents for the month of highest production during January through May 1946.

(ii) With respect to a plant where clay products were produced less than three but at least two full operating months during January through May 1946, the quota shall be 90 percent of the production of all clay products stated in terms of standard size brick equivalents for the month of highest production during those two months.

(iii) With respect to a plant where clay products were produced prior to June 1, 1945, but where no clay products of any kind were produced during the year June 1, 1945, through May 31, 1946, the quota for each month shall be two-thirds of the production of "structural clay products" stated in terms of standard size brick equivalents during that month and premium payments will be made on the remaining one-third. In determining quotas under this paragraph clay products other than "structural clay products" shall not be included.

(iv) With respect to all other plants, a special quota shall be established by the Expediter: *Provided, however*, That no such quota shall be established for a new producer which would result in the application of premium payments to more than 50 percent of the value (in terms of the producer's selling price) of the total output of such producer.

(v) With respect to a plant having a quota established under the provisions above, a special quota adjusted for the months of November, December, January and February may be established by the Expediter (a) where clay products

were produced at any time during the year June 1, 1945 through May 31, 1946, and (b) where customarily, because of the effect of weather conditions on plant operations during November, December, January and February, the production of such products during these months was substantially less than in other periods of the year.

(2) In the case of a producer with two or more plants, if the production in any plant falls below the quota for that plant in any month, the Expediter may establish a combined quota for any or all plants if he determines that production has been shifted among such plants so as to increase the producers total claims without a corresponding increase in total output.

(d) *Application for quota.* (1) Every person who wishes to receive premium payments under this section shall file an application for quota on prescribed forms in accordance with instructions on the forms. A separate application shall be filed for each and every plant of the applicant.

(2) With respect to those plants whose quotas are established under paragraph (c) (1) (i) (ii) or (iii) of this section, the application forms may be obtained from any Reconstruction Finance Corporation Loan Agency and shall be filed with the first claim for payment.

(3) All applications for quotas under paragraph (c) (1) (i) (ii) or (iii) of this section shall be filed with the RFC at the Loan Agency for the district in which the plant is located except that a producer operating more than one plant shall simultaneously file the applications covering all his plants at the Loan Agency for the district in which his main office is located. A producer may find out in which RFC Loan Agency district he is located by consulting his bank.

(4) All applications for special quotas under paragraph (c) (1) (iv) or (v) of this section shall be filed with the Civilian Production Administration, Washington, D. C. The application forms may be obtained from any RFC Loan Agency.

(e) *Rate and computation of premium payment.* (1) A premium payment of \$5 for each thousand units of production stated in terms of standard size brick equivalents in excess of established quotas will be made. The amount payable for each month will be computed by subtracting from the total number of units of production stated in terms of standard size brick equivalents during the month the amount of the established quota and multiplying the remainder by \$5 per thousand units.

(2) In the case of a plant whose quota includes clay products other than structural clay products, the production for the month covered by the claim may include such other clay products up to but not exceeding the amount of other clay products in its quota. The other clay products in the quota may be found as follows:

(i) With respect to a plant whose quota is the arithmetic average of production in the two months of highest production, take the arithmetic average of the production of other clay products in these two months.

(ii) With respect to a plant whose quota is 90% of production in the month of highest production, take 90% of production of other clay products in that month.

EXAMPLE: A plant has a quota of 1,000 standard size brick equivalent, made up of 800 in structural clay products and 200 in other clay products. In August it produces 1,500 standard size brick equivalent of all clay products made up of 1,200 structural clay products and 300 other clay products. The claim for August should be for 400 standard size brick equivalents of production in excess of quota, computed as follows:

Structural clay products produced.....	1,200
Other clay products produced (but not in excess of amount in quota).....	200
Total production in claim.....	1,400
Quota	1,000
Production in excess of quota...	400

(f) *Claim for payment.* (1) Each claim for payment shall be filed on prescribed forms in accordance with instructions on the forms. These forms may be obtained from any RFC Loan Agency.

(2) Each claim for payment shall be filed on or before the last day of the month following the end of the month in which the production occurred and shall include all of the production of that month and no other.

(3) Each claim for payment shall be filed with RFC at the Loan Agency for the district in which the plant is located, except that a producer operating more than one plant shall simultaneously file the claims for all of his plants at the Loan Agency for the district in which his main office is located.

(4) No claim under this section shall be assignable except as a part of a bona fide transfer of the plant to a legal successor.

(g) *Payment—(1) Review by RFC.* In reviewing applications for quota and claims for payment, the RFC will determine whether such applications and claims appear to have been correctly and properly prepared.

(2) *Terms of payment.* If the claim or any part thereof is accepted by RFC subject to final verification, RFC will then pay the applicant that part of the claim so accepted: *Provided, however,* That with respect to claims for the months of April and May, 1947, RFC may require that bond be furnished in form and amount satisfactory to it before making payment thereon. Preliminary acceptance and payment of a claim shall not constitute final acceptance of the validity or amount of the claim. If, after review or audit, there is cause to question the validity of any claim, RFC may (i) Require that bond be furnished in form and amount satisfactory to it before making further payments, or, (ii) Suspend further payments.

(3) *Verification of claims.* (i) Upon receipt of applications for quota and claims for payment, RFC will forward copies to the Expediter for verification and such investigation or audit as may be deemed appropriate.

(ii) If the amount verified and approved by the Expediter is less than the amount previously paid, the claimant shall upon demand by RFC refund the overage to RFC together with interest thereon at the rate of 4 percent per annum calculated from the date of such overpayment to the date repayment is made to the RFC or such overage plus interest may be deducted from any accrued or subsequent claim for any payment by RFC to the claimant.

(iii) In the event that the Expediter establishes a combined quota under paragraph (c) (2) of this section, payment shall be made on the basis of the amount by which total production of those plants whose quotas have been combined exceeds the total quotas of these plants.

(4) *Invalidation of claims.* The Expediter shall have the right at any time to declare invalid any claim of a producer, and such producer shall upon demand refund to RFC any payment on such claim, if the Expediter finds that the producer has failed: (i) To comply with any of the requirements of this section, or (ii) To accept a rated order for structural clay products as required by the applicable priorities regulations of CPA or OHE or has sold structural clay products at prices in excess of the ceiling prices established by the applicable OPA regulations or orders.

(h) *Records.* Every producer shall prepare and preserve for inspection for a period of not less than two years after the date of termination of this section, all books, records and other documents which furnish information in support of his applications for quota and claims for payment. The Expediter or his designated agents shall have the right at any time to make such examinations and audits of these books, records and other documents as may be necessary to verify the representations in producer's applications for quota and claims for payment or as may be required by the Expediter.

(i) *Official interpretations.* Official interpretations of this section may be given only in writing by the General Counsel of the Office of the Expediter, or his duly authorized representative. A request for an official interpretation must be filed in writing directly with the Expediter or the General Counsel.

(j) *Termination.* This section shall terminate on May 31, 1947. Such termination shall not preclude the filing of claims for payment during the month following such termination on account of production during the immediately preceding months. Such claims shall be dealt with in accordance with the provisions of this section in the same manner as if it had not been terminated. In the event that OPA price ceilings cease to be applicable to the sale of structural clay products, the Expediter may terminate this section on

such terms and conditions as he may deem proper.

(k) *Effective date.* This section shall become effective as of June 1, 1946.

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Paragraph (c) is amended to read as follows:

(4) *Procedure for establishing eligibility and filing applications under the Veterans Preference Plan—*(1) *How to qualify.* To establish eligibility to participate in the plan, the applicant will submit a letter addressed to the Requirements and Supply Branch, Office of International Trade, Washington 25, D. C., Attention: Veterans Preference Officer, containing the following information:

(a) Name and address of veteran or veterans.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 13, Direction 20]

DISPOSAL OF CERTAIN SURPLUS MATERIALS FOR USE IN MAKING MEN'S SUITS AND OVERCOATS

The following direction is issued pursuant to Priorities Regulation 13:

(a) *Purpose.* There is an urgent need for fabrics suitable for use in making men's suits and men's overcoats, since sufficient fabrics for this purpose are not readily obtainable in sufficient quantities from new production. The purpose of this direction is to make available certain surplus fabrics for use only in making men's suits or overcoats (in all sizes), for civilian sale. It does not permit the use of the fabrics for making suits, overcoats or topcoats in students, cadets or junior models, or for making separate trousers, or separate coats, or topcoats.

This direction controls the disposal of the quantities of fabrics held by the War Assets Administration as surplus property and listed on Schedule A to this direction. Additional quantities of fabrics may be added to Schedule A from time to time as they become available.

The direction permits sales of such fabrics to be made by WAA in either of these ways only: the fabrics may be sold to persons who will use them only to make men's suits or overcoats; or the fabrics may be sold to the Reconstruction Finance Corporation for resale to persons who will use the fabrics only to make such men's apparel for civilian sale.

Although this direction restricts sales to persons who will use or dispose of the fabrics for the purposes specified, it does not prohibit WAA from making sales, to the persons and for the purposes specified, upon such other terms and in such quantities as WAA may determine; and preference ratings have no effect upon any sales which may be made by WAA, either by way of obliging it to sell or by way of determining, as among the several buyers permitted by this direction, who shall get the materials from WAA.

(b) *Persons who may purchase.* No person may buy from WAA or from RFC any of the surplus fabrics listed in Schedule A, and WAA or RFC may not sell any of such fabrics, unless the purchaser will use the fabrics to make men's suits or overcoats for civilian sale. WAA may sell to the RFC for resale under the provisions of Section 18 of the Surplus Property Act of 1944, as amended, to persons who will use the fabrics to make men's suits or overcoats.

In order to buy materials under this direction, a purchaser from WAA or RFC must be in a position to have such materials completed into men's suits or overcoats within 120 days from the date he first receives such materials, and to dispose of the apparel promptly after completion in accordance with any ceiling or other prices which may be fixed or required by regulations of the Office of Price Administration.

(c) Any person purchasing any of the fabrics listed in Schedule A from WAA or RFC must give substantially the following certification with his purchase order to WAA or to RFC (as the case may be):

The undersigned certifies to the seller and CPA, subject to the criminal penalties of section 35A of the United States Criminal Code, that he will use the fabric obtained under this purchase order only to make men's suits or overcoats, for civilian sale, in accordance with Direction 20 to Priorities Regulation 13 of the CPA.

The standard certification in Priorities Regulation 7 may not be used instead of this certificate.

(d) *Obligations of persons giving certificates.* Any person giving the certificate described above may obtain and use the fabric he gets with the certificate only in accordance with its terms.

(2) That his slaughter of sheep and lambs or calves in any monthly accounting period commencing with the accounting period which included the greater part of May 1946, and until the close of the period for which relief is sought, is not more than 15 percent of the total live weight of all livestock slaughtered by such applicant during such monthly accounting period.

Chapter XVIII—Office of Economic Stabilization

[Directive 124]

PART 4004—PRICE STABILIZATION: MAXIMUM PRICES

FROZEN VEGETABLES

The Secretary of Agriculture and the Price Administrator have submitted to me information with respect to payments of subsidies on the sale of the 1946 pack of certain frozen vegetables and on the utilization of certain frozen vegetables of the 1946 pack and with respect to the establishment of maximum prices for the 1946 pack of such commodities. I hereby find that the measures hereinafter authorized and directed to be taken by the Secretary of Agriculture and the Price Administrator will effectuate the purposes of the stabilization program.

Accordingly, pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8

F.R. 4681) Executive Order 9599 of August 18, 1945 (10 F.R. 10155) Executive Order 9651 of October 30, 1945 (10 F.R. 13487), Executive Order 9697 of February 14, 1946 (11 F.R. 1691) and Executive Order 9699 of February 21, 1946 (11 F.R. 1929) *It is hereby ordered:*

1. The Office of Price Administration is hereby authorized and directed:

a. To maintain or establish maximum prices for sales to purchasers other than Government procurement agencies of the 1946 pack of frozen sweet corn, except frozen corn on the cob, frozen green peas, and frozen mixed vegetables containing one or both of these two vegetables, which are computed on the basis of applicable resale prices of the 1943 purchase and resale program of the Commodity Credit Corporation; and

b. To maintain or establish maximum prices for sales to Government procurement agencies for the 1946 pack of frozen sweet corn, except frozen corn on the cob, frozen green peas, and frozen mixed vegetables containing one or both of these two vegetables which are computed on the basis of the applicable 1946 designated area average prices specified in Schedule A (attached hereto and by this reference made a part hereof) or the weighted average of the applicable actual prices paid by the respective freezer for sweet corn and green peas for freezing, whichever is the lesser.

2. The Department of Agriculture is hereby authorized and directed to make subsidy payments out of funds of the Commodity Credit Corporation on frozen sweet corn (except frozen corn on the cob), frozen green peas, and frozen mixed vegetables containing one or both of these two vegetables produced during the period February 2, 1946, through June 30, 1946, and eligibly sold to purchasers other than Government procurement agencies during the period February 2, 1946, through June 30, 1946, or such later date as the Department of Agriculture may specify, or used by the processor thereof, in actually producing any other food product during the period of eligible sales. Rates of payment shall be based upon the amounts by which the applicable 1946 designated area average prices specified in Schedule A, which are the same as those announced by the U. S. the act of May 17, 1884 (23 Stat. 26), section 14 of the act of March 3, 1891 (26 Stat. 1101), act of May 14, 1893 (30 Stat. 409, 413), act of June 6, 1900 (31 Stat. 321, 330) act of June 6, 1924 (43 Stat. 464) and act of May 1, 1936 (49 Stat. 1250), and in order to carry out the powers vested in the Secretary by those acts, the following rules of procedure for hearings upon possessory claims of native groups to lands and waters are hereby promulgated:

§ 201.21b-1 *Rules of practice for hearings upon possessory claims to lands and waters used and occupied by natives of Alaska*—(a) *Petition of native groups.* Petitions of native groups of Alaska concerning possessory claims to lands and waters based upon any of the foregoing statutes or upon use or occupancy maintained from aboriginal times to the present day, but not evidenced by formal patent, deed, or Executive order, shall be filed with the Secretary of the Interior on or before December 31, 1949. No petition filed thereafter will be considered by the Department. A copy of any such petition shall be forthwith transmitted to the Commissioner of Indian Affairs and the Commissioner of the General Land Office for preliminary investigations and reports, and such reports shall be made a part of the record at the hearing.

(b) *Hearing and notice.* The Secretary of the Interior or such other presiding officer as may be designated by the Secretary of the Interior shall hold public hearings upon the possessory claims of native groups of Alaska. The Secretary will give notice of the hearings by publication of the time, place and subject matter of the hearing in the FEDERAL REGISTER. The Secretary will also cause a copy of the said notice to be mailed to the last known address of all parties who are shown by the preliminary investigations to have interests in the area concerned which may be adversely affected by the claims asserted. The hearing may be continued from time to time and adjourned to a later date or a different place without notice other than the announcement thereof by the presiding officer at the hearing.

(c) *Powers of presiding officer.* The hearing shall be conducted in an informal but an orderly manner in accordance with the rules of practice hereinafter set forth. Matters of procedure not covered by this section shall be determined by the presiding officer. He shall have power to: (1) Administer oaths; (2) rule upon motions and requests; (3) examine witnesses and receive evidence; (4) admit or exclude evidence and rule upon objections; (5) hear oral arguments and receive memoranda on facts and law in his discretion; (6) do all acts and take all measures necessary for the maintenance of order at the hearing and the official conduct of the proceeding.

At any stage of the hearing, the presiding officer may call for further evidence upon any matter. In the event that the hearing shall be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place for the taking of evidence shall be

published in the FEDERAL REGISTER and sent to all parties who appeared at the hearing.

The presiding officer may take official notice of any generally recognized fact, any established technical or scientific fact, or any official public records.

(d) *Appearances.* Any interested person including any agency of the Department or other governmental agency shall be given an opportunity to appear either in person or through authorized counsel or other representation and to be heard with respect to matters relevant and material to the proceeding. Each such person or representative shall be required to inform the presiding officer of his name and address, the names, addresses and occupations of persons, if any, whom he represents and the position he takes with respect to the issues of the hearing. Where a person appears through counsel or representation, such counsel or representative shall before proceeding to testify or otherwise to participate in the hearing, state for the record his authority to act as such counsel or representative.

(e) *Evidence.* The evidence of the witnesses shall be given under oath. Witnesses may be questioned by the presiding officer or by any person who has entered an appearance for the purpose of assisting the presiding officer in ascertaining the material facts with respect to the subject matter of the hearing.

The evidence, including affidavits, records, documents and exhibits received at the hearing, shall be reported and a transcript thereof shall be made. In the discretion of the presiding officer, written evidence may be received without being read into the record. Every party shall be afforded adequate opportunity to cross-examine, rebut or offer contravening evidence. Evidence shall be received with respect to the matters specified in the notice of the hearing in such order as the presiding officer shall announce.

(f) *Rules of evidence.* All evidence having reasonable probative value shall be admitted, regardless of common law or statutory rules of evidence, but immaterial, irrelevant or unduly repetitious evidence shall be excluded.

(g) *Opinion evidence.* In the discretion of the presiding officer, opinion evidence by properly qualified witnesses may be admitted.

(h) *Stipulations.* In the discretion of the presiding officer, stipulations of facts signed by the parties or their representatives may be introduced.

(i) *Depositions.* The presiding officer may order evidence to be taken by deposition at any stage of the proceeding before any person designated by him and having the power to administer oaths or affirmations. Unless notice be waived, no deposition shall be taken except after reasonable notice to the parties. Any person desiring to take a deposition of a witness shall make application in writing setting out the reasons why such deposition should be taken and stating the time when, the place where, and the name and address of the person before whom it is desired the deposition should be taken, the name and address of the witness and the subject matter concern-

ing which the witness is expected to testify. If good reason be shown, the presiding officer will make and serve upon the parties or their attorneys an order naming the witness whose deposition is to be taken and specifying the time when, the place where, and the person before whom the witness is to testify. These may or may not be the same as those named in the application. The deponent shall be subject to cross-examination by all the parties appearing. In lieu of oral cross-examination, parties may transmit written cross-interrogations to the deponent. The testimony of the witness shall be reduced to writing by the officer before whom the deposition is taken, or under his direction, after which the deposition shall be subscribed by the witness and certified in the usual form by the officer. Such deposition, unless otherwise ordered by the presiding officer for good cause shown, shall be filed in the record in the proceeding and a copy thereof supplied to the party upon whose application said deposition was taken or his attorney.

(j) *Objections.* It shall not be necessary to make formal exceptions to adverse rulings of the presiding officer upon objections.

(k) *Oral argument and briefs.* Oral arguments may be permitted in the discretion of the presiding officer. Such arguments shall be made a part of the transcript, if the presiding officer so orders.

Briefs and proposed findings of fact and conclusions of law may not be filed after 30 days from the close of the hearing unless otherwise ordered by the presiding officer.

(l) *Filing the record of the hearing.* As soon as practicable after the close of the hearing the complete record shall be filed with the presiding officer. It shall consist of the transcript of the testimony and include exhibits and any written arguments that may have been filed. This record shall be the sole official record. No free copies of the record will be available in any proceeding under this section.

(m) *Action of presiding officer.* Within a reasonable time of the filing of the record of the hearing, the presiding officer shall file with the Secretary of the Interior a report upon the possessory claims of the petitioner which shall contain findings of fact and conclusions of law with respect to such claims. Unless final authority has been delegated by the Secretary to the presiding officer, the Secretary of the Interior will approve, disapprove or modify the findings and conclusions of the presiding officer. The determinations finally made shall be published in the FEDERAL REGISTER and a copy thereof shall be mailed to each party who appeared at the hearing or who received actual written notice of the hearing.

(n) *Rehearing.* Upon good cause shown within 30 days of the publication of the presiding officer's report, the Secretary in his discretion may order a rehearing.

(o) *Public notice of regulations.* Public notice of the issuance of the forego-

ing rules of practice for hearings shall be given by publishing the same in the FEDERAL REGISTER.

(p) *Revision of section.* This section may be revised by the Secretary of the Interior at any time without prior notice and such revision shall be published in the FEDERAL REGISTER.

(d) *Application.* The provisions of this order shall apply only to foreign commerce, and only on cars of coal shipped from the mine prior to the effective date of this order.

(e) *Regulations suspended, announcement required.* The operation of all rules and regulations insofar as they conflict with the provisions of this order is hereby suspended and each railroad subject to this order, or its agent, shall publish, file and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing such suspension.

[Rev. SO 119, Order 262]

ROCKFORD FURNITURE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Rockford Furniture Company, 1009 West Jefferson Street, Rockford, Ill., may com-

pute its adjusted ceiling prices for all articles of wood household furniture which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 24.8 per cent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590, shall calculate their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

If his supplier's invoice does not state an "unadjusted maximum price" the reseller shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest-trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to

which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective June 20, 1946.

Issued this 19th day of June 1946.

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on June 7, 1946.
